

A WOC NURSE'S PRAYER

Every morning, this I pray -
 Lord, help me make it through the day!
 Please let my pager stay quiet for a little while
 So I can finish each task with a great big smile.
 Please let me have easy access to the proper supplies
 And never get stuck with the incorrect size.
 Please let every product work like it should
 And let all my actions be understood.
 Please help me to remain calm and cool
 And let my clothes stay free of blood and stool.
 Please let every patient be kind and sweet
 And cooperative until my work's complete.
 Please give me the strength and the power
 To perform my best throughout each hour.
 And when I'm done with the day and totally stressed,
 Please Lord, let me make it home
 so I can enjoy some rest!

Amen!

Happy WOC Nurse Week!
